

# Forklift Operator Train-The-Trainer

CCR T8 3668 & 29 CFR 1910.178

8-Hour Program

- Student Manual, Handouts, Wall Certificate, Instructor Card

## - Exclusive CMP

We will create your Client Member Page (CMP) where you'll always have 24/7 access to your post-training compliance records via our secure cloud.

## - LMS Reminders

All students are entered in our Learning Management System (LMS) and you will automatically receive training renewal reminders three months prior to your expiration date.

## - Customized Curriculum

We incorporate your written policies and procedures with your training to ensure that we cover not only the regulations but your company protocol as well.

## Program Objective

**Prerequisite:** Current operator certification or heavy experience operating a forklift.

The goal of the Train-The-Trainer (TTT) Program is to train and authorize selected individuals to implement and conduct your in-house Forklift Operator and Material Handling Program.
