

Custom Curriculum ***Starts*** Where Generic Training Fails

**STOP PURCHASING PRE-MADE
PROGRAMS THAT DON'T REFLECT
YOUR JOBSITE**

Generic training creates generic safety.

Your team deserves programs built around the realities of your actual jobsite, workflows, and safety challenges.

ehsInc CUSTOM CURRICULUM

We don't create generic programs, we actually come out to your jobsite and meet with your team to create training that will truly stick with your crew.

CONTACT US

A worker in a white hard hat and high-visibility vest is kneeling on a metal walkway, working on a complex metal structure. The background shows industrial equipment and a building with vertical slats.

COURSE CATALOG

A worker in a yellow hard hat and dark clothing is working on a construction site, handling rebar. In the background, there are yellow cranes and a blue sky with clouds.
